

Looking for *Design Structure* by Scott Granneman?

I've renamed it to *Information Architecture* & moved it to a new location:

- » Slides: granneman.com/downloads/web-dev/Information-Architecture.pdf
- » Notes: granneman.com/downloads/web-dev/Information-Architecture.txt

If you're seeing this, I missed updating a link, so please let me know at scott@granneman.com what page you were on when you clicked on the link & I'll fix it. Thank you!

Scott
